Questions for the HS Training RFP

1. Do you want/need CEU's and if so, what professional would they be for? (social worker, psychologists, MFT's, substance use)

Yes, for LCSW, & Social Workers

2. Would you prefer a single trainer to do all the events – for consistency sake? Or are you more interested in having multiple trainers present since each will have expertise in a different area?

Either is fine as long as trainers are experts in each of the topics requested.

3. Who is the audience being referred to in the following:

"Trainings will include approximately 50 participants broken into smaller groups of 20-25 participants."

Administrators , Supervisors and Support staff. Special needs and Mental health support staff and Coaches

4. Are the 50 participants Head Start Coaches, teachers, staff, admin? See above

5. Would you clarify the frequency of the training please? In particular, I'm inquiring regarding the following statement:
