

Financial Literacy

Through one on one personalized meetings with one of our Adult Education Case Managers, clients will be better equipped to overcome barriers to financial stability. Personalized learning paths may include just one or all six Financial Literacy Topics.

INTRODUCTION TO FINANCIAL WELLNESS

Identify what is important to your financial wellness by understanding where you are now.

MONEY MANAGEMENT BASICS

Understand Financial wellness skills and habits, income and expenses along with understanding needs and wants.

UNDERSTANDING CREDIT & DEBT

By defining credit and debt students will be in a position to identify financial goals and choose their next action step.

BUDGETING

Understand different budgeting strategies and create a budget that works for you.

SAVINGS & BANKING

Through understanding the value of savings and using a bank account setting financial goals become achievable.

CREATING A FINANCIAL WELLNESS PLAN

A well outlined financial plan will be the road map to financial stability.
